GSPS allows for accumulation of savings and benefit payments as per the Superannuation Schemes Rules of the policyholder.

GSPS can be offered to Defined Benefit (DB) and Defined Contribution (DC) Superannuation Schemes administered by the Master Policyholder.

How does the policy work?

The employer creates a Trust and appoints trustees to administer the scheme. The employer or trust will be the Master Policyholder under this product. Such schemes may be Defined Benefit (DB) or Defined Contributions (DC) schemes.

For DB Schemes, the contributions shall be made in accordance with the funding requirement as per the Scheme Rules. The master policyholder may not pay future contributions or premiums under the policy and the policy shall not be treated as discontinued.

For DC Schemes, the Master Policyholder can make contributions as per the Scheme Rules.

Contributions will be invested in the non-linked non-participating fund of the company. A separate account detailing all receipts and payments in respect of this product shall be maintained.

Such funds would grow with the following credits:

- Interest rate shall be declared at regular intervals and shall be valid for a specified period as per the scheme rules
- The interest rates shall be declared at regular intervals based on the fund size with appropriate disclosure on the website[4]
- The interest shall be accrued at the end of the financial year on pro-rata basis

The Master Policyholder can make claims to meet benefit payments, where benefit payments are as per Scheme rules.

Benefits payable

For DB Schemes: Death benefit / Member benefit will be payable as per amount calculated as per the Scheme Rules as per the advice of the Master Policyholder in accordance with Scheme Rules.

For DC Schemes: Benefit payments will be as per Scheme Rules. On death or retirement of members covered under the Policy, the benefit will be higher of the following:

- Member Account Value which will be computed based on the actual accruals of all income elements like contributions, interest rate credits and actual debits
- Assured Benefit

For member exits due to other events, Member Account Value would be used to provide benefits.
